MAGAZINE.—The *Home and Health* for September has been received, and we find it well filled with interesting and instructive reading. This work should be in every household. Published by W. R. Du Puy & Bro., 805 Broadway, N. Y., at \$1.50 per year.

The Alpena Pioneer has a new power press. Go in now brother Teft.—*Bay City Grouser.*

We guess not, brother Currey. It is a Washington Hand Press, but we learn that the *Pioneer* is going to order a Liberty Jobber.

AU SABLE.—Last Wednesday some of the citizens of this place visited Au Sable for the purpose of taking part in and witnessing the Caledonian Games at that place, which passed off very pleasantly. In the evening they repaired to O'Toole's Hall, where John McCall, Chief of the Caledonian Society, delivered an address, after which they "tripped the light fantastic toe" till early dawn, which concluded the programme.

## EDITOR OF ARGUS:

DEAR SIR:—Allow me through the medium of your paper to acknowledge the receipt of \$213.55 being the full amount of loss sustained by me from the fire, which partially consumed my residence in June last. Through the propitiness of Mead Macartney Esq., and fairness of the House Insurance Co., of New York, my loss has been made up, my house being as good as new again, and I cheerfully recommend the Company and their gentlemanly Agent to my fellow citizens.

SEMANTHA CASE,  
ALPENA, Sept. 1st, 1871.

PRESENTATION.—We are informed that Mr. A. P. Callow, Mayor of Allegheny City, Pa., who was visiting this city recently, and made the Burrell House his headquarters, was agreeably surprised on his arrival home by being presented with a handsome gold watch, valued at \$300, by a large number of his friends who met at his office for that purpose. His Honor, the Mayor, thanked them for the valuable gift, and in the course of his remarks referred to Alpena and its beautiful air and Bay. The reporter also in-

formed us that he related several laughable stories. Query—Did he relate anything relative to the "clerical party?"

DROWNED.—About ten o'clock last Friday night, while the Galena was being loaded at Luce's mill, a colored man named John Johnson, from twenty to twenty-five years of age, was carrying lumber onto the vessel, and one of the "shutters" becoming loose, fell and struck him on the back of the head, which stunned and knocked him into the river. All attempts to rescue him were of no avail, and he sank to the bottom. About noon the next day the body was recovered, and Justice Macartney held an inquest, the verdict rendered being "accidental drowning." The deceased shipped at Detroit on the Galena last week, and was, we believe, a resident of Buffalo. The remains were buried in the Cemetery Saturday afternoon.

## Alpena Magnetic Spring.

The Bath House at the Magnetic Spring in this city is almost every week undergoing some improvements, so that all visiting it can be accommodated in a first-class manner. The bath rooms are large and convenient, and those bathing can be assured of the best of attention.

The water of this Spring is acknowledged by all to be the best and most effective of any well in the State. Cures are daily being performed which are truly marvelous to say the least. Many patients have visited it who were obliged to hobble forth on crutches, and in an incredible short time have been entirely cured, such are its valuable medical properties. Certificates are constantly being received from parties who have been restored to health, by its use, and who are now able to attend to their business as in years previous to their affliction.

Dr. Roe has fitted up a neat office in the building, where he can be consulted at all times. He is constantly receiving calls from his former patients, some of whom are now under his treatment.

The bath rooms are open from 7 o'clock in the morning till 9 in the evening, during the week, and on Sundays from 6 to 10 in the morning.

## Important to Bible Readers.

"Hitchcock's new and Complete Analysis of the Bible" is the title of a work recently published by A. J. Johnson, of New York, and sold only by subscription. After a thorough examination of this work, we are free to say that it seems impossible to exaggerate its great value. By its careful analysis and collection of all passages bearing upon the various topics upon which the Bible treats, the reader is enabled to view every subject treated in God's Word, on every side, and in all its bearings. To know ALL that the Bible teaches upon each subject, is of very great importance to every individual. This work is being placed in the families of our land, and thus within the reach of our youth, and will do much toward removing the first germs of error and infidelity. There is nothing in the world of literature which can take its place, or by which we can accomplish the same result. We hope that all who have an opportunity of seeing this work will give it a careful examination. Among the many testimonials of this work, from eminent men, we note the following: The Rev. D. W. Clark, D. D., Bishop of the M. E. Church at Cincinnati, Ohio; the Rev. Henry Ward Beecher, the Rev. Ray Palmer, D. D., Secretary of the American Congregational Union; the Rev. W. W. Spear, D. D., Rector of St. Andrew's Episcopal Church, at Bridgetown, N. J.; the Rev. George D. Boardman, D. D., Pastor of the First Baptist Church, Philadelphia, and many others.
